

## Science- Sheet 10

Take a photograph of your sunflower and share your photograph with us on dojo.

Has anything happened to your sunflower seed yet? Can you tell us how you have looked after it so far?

---

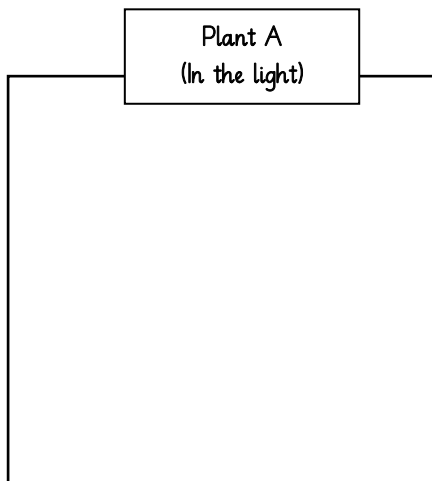

---

---

---

### Experiment in school

Look out for the pictures on Class Dojo for the seed experiment in the light and dark. Once the pictures are up. Draw a picture and write what has happened. Was your prediction correct? **You won't be able to do this activity until the pictures are shown on class dojo.**
