A group of 14 children were discussing their favourite films. Make a tally chart then use the chart to make a block diagram.

Children's Favourite Films

Favourite Films

A group of children investigated favourite colours. Here are the results:

Colour	Number of votes
Red	10
Blue	8
Green	1
Yellow	7
Purple	6
Pink	4

1. What will the title / axes be?
2. Which is the most popular?
3. Which is the least popular?

Complete the block diagram using the data above. Then give the graph a title as well as naming the axis (look at the block diagram on the other side of the sheet for support).
