

L.O. Identify fractions greater than 1.

Steps to Success

1) Count how many pieces are there altogether - this is the NUMERATOR!

2) Count how many pieces are there in 1 whole bar - this is the DENOMINATOR!

Chocolate	Improper Fraction	Mixed Number
	$\frac{\square}{\square}$	$\square \frac{\square}{\square}$
	$\frac{\square}{\square}$	$\square \frac{\square}{\square}$
	$\frac{\square}{\square}$	$\square \frac{\square}{\square}$
	$\frac{\square}{\square}$	$\square \frac{\square}{\square}$
	$\frac{\square}{\square}$	$\square \frac{\square}{\square}$
	$\frac{\square}{\square}$	$\square \frac{\square}{\square}$
	$\frac{\square}{\square}$	$\square \frac{\square}{\square}$
	$\frac{\square}{\square}$	$\square \frac{\square}{\square}$
	$\frac{\square}{\square}$	$\square \frac{\square}{\square}$
	$\frac{\square}{\square}$	$\square \frac{\square}{\square}$
