Deputy Head(s): Marc Scott, Clare Carey & Matthew McAuley

BHCET CEO: Stuart McGhee

BHCET Chair of Directors: Yvonne Coates

23 September 2024

Dear Parents and Carers,

Key Stage Three Homework & Assessment Timetable

As part of our ongoing efforts to support your child at St. Michael's, we are pleased to inform you about the Key Stage 3 homework and assessment timetables for the upcoming term.

These timetables will inform you when homework is set and assessments will occur. By providing this information, we aim to help you support your child in managing their workload and preparing effectively for their assessments.

The homework timetables will be available in the curriculum section of the website under Key Stage Three. For your convenience, a copy of the timetable is also attached to this letter. The timetables will be published each term via the school website. Teachers may set additional homework as needed to respond to the needs of different students and classes. You can also stay updated with your child's homework via the ClassCharts app. If you have not yet accessed the ClassCharts app, a reminder of your login code will be posted home to you. If you have forgotten your login, please contact the school office for assistance.

Homework is a critical part of your child's development. Research by the Education Endowment Foundation shows that students who do regular homework make an additional 5 to 6 months of progress each year. This adds up to over two years of extra progress throughout your child's time at school. A summary of educational research by John Hattie found that students who did regular homework increased their attainment by a whole grade in at least six out of ten subjects. Below is a guideline of how long students should spend on homework and independent study each week:

	Time per subject per week	
Year 7	Year 8 & 9	Year 10 & 11
30 mins	45 mins	1 – 2 hours

Our Learning Resource Centre is open every day after school for students to complete homework. It has access to computers and printers for online homework. We understand that students have different circumstances and may sometimes struggle to complete homework at home. If your child is having difficulty, they should speak to their teacher or form tutor, who will be happy to support them. You may also contact your child's Pastoral Learning Manager for additional support.

By working together, we can ensure your child achieves their full potential. If you have any questions or need further assistance, please do not hesitate to contact me at school.

Thank you for your continued support.

Yours sincerely,

Mr. M. McAuley **Deputy Headteacher**
