

COVID-19 early outbreak management	
Version 1.0	Last Updated 11/09/2020
Primary, secondary and special schools, and alternative provision for schools	
Who should use this information? Leadership and management of primary, secondary and special schools, and alternative provision for schools. This information provides key steps to quickly identify and contain any potential COVID-19 outbreak. If you are concerned about other possible health issues, then you should follow your existing processes.	
What you should do to manage a possible outbreak	
Step 1:	Identify When you are informed of a possible or confirmed case of COVID-19 by NHS Test & Trace, staff or a parent or carer of a pupil within the last 14 days, go to step 2
Step 2:	Report Immediately contact Stockton Borough Council (SBC) Public Health Team for help and advice using the email address: COVIDoutbreak@stockton.gov.uk Every one of us plays a vital role in stopping the spread of COVID-19. Early engagement with the local Public Health Team is key to minimise any possible wider outbreak in your community. See page 2 for information you may be asked to provide. Do not worry if you are unable to answer all the questions, your local team will help guide you through the process. If the advice from the local team is to partially or fully close the building, resulting in the setting not being fully open to all pupils/students, then you should notify the Department for Education via the Education Setting Status form. Refer to ' School attendance: guidance for schools ' or search the title on GOV.UK for details
Step 3:	Respond Your local Public Health Team will work with you to assess the risks and advise you of what actions to take. Depending on the outcome, your Local Authority Public Health Team may establish an Outbreak Control Team along with Public Health England's Health Protection Team, to help support you to manage the situation. See page 2 for types of action that could be put in place.

General guidelines to protect the spread of COVID-19

There are important actions that everyone should take at all times to help protect the spread of COVID-19. Refer to [guidance for full opening: schools](#) or search the title on GOV.UK for more advice. This explains how you must carry out a COVID-19 risk assessment for your school and sets out the system of controls to reduce risk in your setting.

The information contained on this card is specifically in relation to an outbreak, and should not replace discussions with Department of Education, health and safety and infection steps you already take, or have implemented as a result of consulting the 'guidance for full opening: schools'
