

Careers Guidance and Access for Education and Training Providers: Policy Statement on Provider Access

We work with partners to ensure students have access to a range of educational and training providers at the relevant phase of their education including approved technical qualifications or apprenticeships. Partners will be invited to be represented at key careers events that will be timetabled throughout the year. In line with the Technical and Further Education Act 2017 partners will be involved in careers fairs and assemblies and on mutual agreement opportunities for visits and workshops will be facilitated. Providers wanting to be involved in the structured careers programme should contact the Careers Lead at the school to discuss feasibility. Grounds for access will be agreed on an individual basis and on student need. Details of premises and facilities will be provided by each careers lead to partners.
