Statement of intent

At St Nicholas, we greatly value the importance of the early years foundation stage (EYFS) in providing a secure foundation for future learning and development.

This policy has been developed in conjunction with the relevant DfE guidance and legislation to ensure that each child has a happy and positive start to their school life in which they can build a foundation for a love of learning.

We ensure that children learn and develop well and are kept healthy and safe. We promote teaching and learning to ensure children's readiness for the next stage of their education and give children a broad range of knowledge and skills that provide the right foundation for good future progress through school and life.

We seek to provide:

- **Quality and consistency**, so that every child makes good progress and no child gets left behind.
- **A secure foundation** through learning and development opportunities which are planned around the needs and interests of each child and are assessed and reviewed regularly.
- **Partnership working** between practitioners and parents.
- **Equality of opportunity** and anti-discriminatory practice, ensuring that every child is included and supported.

2. Roles and responsibilities

- 2.1 The governing board has the overall responsibility for ensuring there is a policy in place to safeguard children that includes an explanation of the action to be taken when there are safeguarding concerns about a child and the use of mobile phones and cameras, and staff safeguarding training requirements. These issues are addressed in part in this policy and in further detail in the school's Child Protection and Safeguarding Policy and Photography Policy.
- 2.2 The governing board has the overall responsibility for ensuring there is a policy in place in the event of an allegation being made against a member of staff (including supply staff) or a volunteer. These issues are addressed in the school's Allegations of Abuse Against Staff Policy.
- 2.3 The governing board has the overall responsibility for the implementation of this policy.
- 2.4 The governing board has overall responsibility for ensuring that this policy does not discriminate on any grounds, including, but not limited to, ethnicity, national origin, culture, religion, gender, disability or sexual orientation.
- 2.5 The governing board has the responsibility for handling complaints regarding this policy, as outlined in the school's Complaints Procedure.

- 2.6 The EYFS phase leader, in conjunction with the headteacher, has responsibility for the day-to-day implementation and management of this policy.
- 2.7 Staff, including teachers, support staff, supply staff and volunteers, are responsible for familiarising themselves with, and following, this policy.
- 2.8 Staff, including teachers, support staff, supply staff and volunteers, are responsible for remaining alert to any issues of concern in children.

3. Aims

- 3.1. Through the implementation of this policy, we aim to:
- Give each child a happy and positive start to their school life in which they can establish a solid foundation for a love of learning.
 - Enable each child to develop socially, physically, intellectually and emotionally.
 - Encourage children to develop independence within a secure and friendly atmosphere.
 - Support children in building relationships through the development of social skills, such as cooperation and sharing.
 - Work alongside parents to meet each child's individual needs to ensure they reach their full potential.
- 3.2. Four guiding principles shape our practice:
- Every child is a unique child, who is constantly learning and can be resilient, capable, confident and self-assured.
 - Children learn to be strong and independent through positive relationships.
 - Children learn and develop well in enabling environments with teaching and support from adults, who respond to their individual interests and needs and help them to build their learning overtime. Children benefit from a strong partnership between the school and parents.
 - Learning and development is important. Children develop and learn in different ways and at different rates.
- 3.3. To put these principles into practice, the school:
- Provides a balanced curriculum which takes children's different stages of development into account.
 - Promotes equality of opportunity and anti-discriminatory practice.
 - Works in partnership with parents.
 - Plans challenging learning experiences, based on individual needs, which are informed by observation and assessment.
 - Provides each child with a key person to ensure close relationships are developed.
 - Provides a safe and secure learning environment.

4. Learning and development

- 4.1 The EYFS curriculum is based on an observation of children's needs, interests and stages of development.

- 4.2 In partnership with parents, the school promotes the learning and development of pupils to ensure they are ready for the next stage of education.
- 4.3 There are seven areas of learning and development that must shape education programmes in EYFS settings. These are split into two sections – prime and specific; however, all the sections are interconnected and important.
- 4.4 The ‘prime’ areas of learning and development are:
- Communication and language
 - Listening, attention and understanding
 - Speaking
 - Physical development
 - Gross motor skills
 - Fine motor skills
 - Personal, social and emotional development
 - Self-regulation
 - Managing self
 - Building relationships
- 4.5 The ‘specific’ areas of learning and development are:
- Literacy
 - Comprehension
 - Word reading
 - Writing
 - Mathematics
 - Number
 - Numerical patterns
 - Understanding the world
 - Past and present
 - People, culture and communities
 - The natural world
 - Expressive arts and design
 - Creating with materials
 - Being imaginative and expressive
- 4.6 The early learning goals (ELGs) above are not used as a curriculum or in any way to limit the wide variety of rich experiences that are crucial to child development. The ELGs are used to support teachers to make a holistic, best-fit judgement about a child’s development and their readiness for Year 1.
- 4.7 Activities are planned to reflect children’s interests and individual circumstances in order to provide each child with a challenging and enjoyable experience.
- 4.8 The EYFS phase leader discusses any cause for concern in a child’s progress, especially in the ‘prime’ areas of learning, with the child’s parents. A

strategy of support is agreed upon and consideration is taken as to whether the child may have SEND which requires additional support.

- 4.9 The school takes reasonable steps to provide opportunities for children with EAL to use their home language in play and learning whilst also ensuring that these children have sufficient opportunities to reach a good standard of English. During assessment, if a child is found to not have a strong grasp on English, the EYFS phase leader contacts the child's parents to establish their home language skills to assess if there is cause for concern about a language delay.
- 4.10 Each area of learning and development is implemented through activities the teacher believes are the most effective for the children they are teaching.
- 4.11 The school responds to each child's emerging needs and interests, guiding their development through friendly and positive interaction.
- 4.12 Activities are planned with regard to the three characteristics of effective teaching and learning in the EYFS:
- Playing and exploring – children investigate and experience things
 - Active learning – children concentrate, keep on trying if they encounter difficulties and enjoy their achievements
 - Creating and thinking critically – children have and develop their own ideas, make links between ideas, and develop strategies for doing things.

5. Inclusion

- 5.1 All children are valued as individuals irrespective of their ethnicity, national origin, culture, religion, gender, disability or sexual orientation.
- 5.2 The EYFS curriculum is planned in order to meet the needs of each individual child and support them at their own pace.
- 5.3 The Equal Opportunities Policy ensures that the needs of all children are met.
- 5.4 The Special Educational Needs and Disabilities (SEND) Policy ensures all children receive the support they need and are given the best learning experience possible.
- 5.5 Children with SEND in the EYFS setting are monitored and managed by the school's SENCO.

6. The learning environment and outdoor spaces

- 6.1 The learning environment is organised in such a way that children can explore and learn in a safe environment. This provision consists of basic 'core' provision and 'enhanced' provision.

6.2 The learning environment consists of both indoor and outdoor provision. This is accessed daily for periods of sustained play.

6.3 The provision is risk assessed and a daily assessment is made to ensure provision is safe and fit for purpose.

7. Assessment

7.1. Assessment plays an important part in helping the school to recognise children's progress, understand their needs, plan activities and assess the need for support.

7.2. Parents are kept up-to-date with their child's progress and development, and the teachers addresses any learning and development needs in partnership with parents.

7.3. Formative assessments are used to assess the learning and development of children in the EYFS. Staff members observe children to understand their level of achievement, interests and learning styles. This information is then used to shape learning experiences for each child.

7.4. In the final term of the year in which a child reaches age five, and no later than 30th June in that year, the EYFS profile is completed by the child's class teacher.

7.5. Reasonable adjustments are made to the assessment process for children with SEND as appropriate.
