

PE and Sport Premium for Primary Schools

The PE and Sport Premium is designed to help primary schools to improve the quality of the PE and sport activities that they offer to pupils. The money received by primary schools is set aside to impact on the aim above and is available to maintained schools like ours, academies and free schools and special schools.

Our school receives funding based on the number of pupils in Years 1 to 6. We will therefore receive £19500.

Schools are free to choose how to spend the PE and Sport Premium funding but are accountable to Ofsted for the impact of this funding.

At St Nicholas C of E Primary School we have a strategic approach to the spending of this funding so that we can maximise its impact and enrich the lives of our pupils so that they are set on the path to healthy and active lifestyles as adults.

Our priorities and vision are as follows:

- To develop the quality of teaching in PE to make sure that teaching of PE is of a sustained high quality.
- To develop healthy lifestyles for all pupils which include regular access to exercise and participation in a range of sports, and an understanding of healthy living and how to lead healthy lives.
- To develop and nurture children with particular talents and abilities giving them a window to participate with equally gifted peers and signpost them to clubs and third parties who can develop their skills and abilities further.
- To provide the children with space and means to be active throughout their school day and after school.
