

# Year Three

## Spring Term

In **RE**, we will learn about Jesus and how he changed lives. Later on in the term, we will explore the sadness and joy of Easter.

As **mathematicians**, we will continue learning about strategies for multiplication and division. We will also be using our measurement skills to find the length and perimeter of shapes. Finally, we will learn how to find fractions of amounts.

As **readers and writers** we will be analysing the features of new narrative, non-narrative and poetry texts. We will be writing our own stories, information texts and letters. We will continue with our daily Reading lessons.

As **geographers**, we will learn all about the geography of mountains and rivers. We will learn about the similarities and differences between two mountain ranges, and we will name and locate the main rivers in the UK.

As **scientists**, we will be learning about the importance of a healthy, balanced diet. We will also learn about the muscular and skeletal systems of the body. Later in the term, we will learn all about light, shadows and the sun.

As **artists**, we will be focusing on the mosaic work of UK artist Elaine Goodwin. We will create our own mosaics using a variety of techniques.

As **historians**, we will be learning all about Roman Britain. We will consider the long term impact and how Roman Britain is still important today.

As **musicians**, we will be learning about what music tells us about the past. We will continue to use our voices to sing in tune, and play tuned and un-tuned instruments with increasing control and accuracy.

In **PE**, we will be continuing to work on our ball skills of passing and catching. We will also be developing tactics in ball games. In gymnastics, we will create sequences using travelling, rolling and jumping.

In **Computing**, we will use devices to create a desktop publication in Powerpoint. We will also be creating branching databases.

In **DT**, our learning will focus around designing, making and evaluating a healthy meal.

In **PSHE**, we will be learning about keeping motivated to achieve an ambition or goal. We will also link with Science to think about how we can make healthy and safe choices.

In **French**, we will be learning key vocabulary and listening to traditional tales.
