

## PERCY JACKSON – BOOK BLOG

'Percy Jackson and the Lightning Thief' is the book that Eagles, Owls and Seagulls are reading in our class for English. We are really enjoying it and we think it is a SUPER book because it keeps me thinking and keeps me wanting to read.

### Liked characters

Percy Jackson because he is very courageous and the author makes us feel sorry for him by this, but shocked by him having ADHD and dyslexia and he is killing mythical beasts.

Mr. Brunner because he always tries to push Percy on but we think he has dark secrets.

Grover because we like how Grover's personality is mild, meek but also weak. we like how Grover tries to protect Percy from monsters [even though Percy might not know it.

### Disliked characters

Nancy Bobofit because she is a thief, a bully and a trouble maker but even MORE annoying because Mrs. Dodds (who is another disliked character) stuck up for her and turned into a bat-like monster trying to kill Percy. I feel astonished because how could a monster protect a troublemaker like Nancy!!!!

The Three old ladies because they cut a rope and from Grover we know that someone is going to die (hints in book)!!!!

Gabriel -smelly Gabe-He steals money from his step son (Percy) and he has a total beer and poker addiction. We truly don't like him because he is a father and we don't think he should be mean to his son or make him sick

## PREDICTIONS

We predict something tragic will happen while they are at Montauk including monsters and we do know that someone is going to die because Three Old Ladies cut a rope.

We predict that Grover will make an unexpected visit to Montauk because the chapter has Grover's name in it.

We predict that sometime Percy will find his lost father and the lost father will help him in battle

We predict that he will end up battling Zeus because he probably thinks Percy stole his lightning bolt as it says on the front cover "Percy Jackson and the Lightning Thief" and Zeus is the Greek god of lightning.

## WHAT WE LIKE ABOUT THE STORY

We like how the story is eerie but interesting. We also like how there are monsters and leave us on cliff hangers. Although there are a lot of good characters there are a surprising amount of villainous characters.
