GUITAR

Listen Up!

In this lesson we will focus on one of the **Musical Elements** called **Duration**.

This means how long a sound or note lasts for. A note could last for 1 beat, 2 beats, 4 beats ...or more.

This Video clip shows you notes of different **Durations**. First ask your Parents to show you the video, then see if you can answer the questions

 How many beats does a Crotchet last for?

 How many beats does a Minim last for?

 How many beats does a Semibreve last for?

Parents, this is the link to the video

Make Some Music

Can you remember how to play and sing **My Dog is a Good Dog**? Ask your parents to play this video of the song from 'Sing up' and play or sing along.

If you have your guitar:

1. Play B,A,G the **first** and **third** time we sing "Yes he is."
2. Play B,B,A the **second** time we sing "Yes he is."
3. Think about how many beats each note lasts for.

If you do not have your Guitar:

1. Sing the whole song all the way through.
2. Can you work out how many beats each of the three words last for when we sing them.
3. Which word lasts longest? Is it **Yes?** **He?** Or **is?**

Parents, this is the link to the video.

GUITAR

Investigate

1. Watch the video again from the 'Listen up' section and check the answers you gave. Did you get them right?
2. These are the note Durations of "Yes he is" from My Dog is a Good Dog.

3. Draw the following note Durations.

Crotchet

Minim

Semibreve
