Hazard	Risk	Individuals at risk	Risk – L/M/H	Control Measures (Current)	Control Measures (Additional – Proposed)
<p>It is our plan is to welcome back all pupils, in all year groups, to a new school year starting in September 2020. The generic assessment in compliance with the Governments guidance (COVID-19 Guidance for Full Opening of School. Dated: 02 07 20) covers our expectations and support of all pupils including children with special educational needs and disability (SEND) and those with education, health and care plans, within the school.</p> <p>This assessment is undertaken in compliance with the Management Regulations to aid the planning and monitoring of a safe reintroduction of the staff and pupils of the school. The period of closure and/or partial use of the premises has been for a period of two months.</p>					
<p>Building Safety Legionella Management</p>	<p>Compliance with HSG 274</p>	<p>All Building Users</p>		<p>Domestic hot and cold water services The requirements for the management of your buildings water system must be completed to the requirements of HSG 274 and your Legionella maintenance schedule. This includes calorifiers/direct fired water heaters/sinks/ basins/ showers / thermostatic mixing valves. (blended hot water)</p> <p>Water temperatures must be kept within limits recommended for the control of legionella bacteria in water systems. For reference, use the <u>Approved Code of Practice</u> and <u>HSG 274</u>.</p> <ul style="list-style-type: none"> • If the hot water system has been left operational, the hot water should be circulating as normal and regular checks, in line with guidance, should be carried out. Weekly flushing, Monthly water temperature checks, etc. • If the hot water system has been isolated or drained down, contact your water Hygiene Contractor to check and restart the system • Maintain regular weekly flushing regimes of infrequently used outlets, for all hot water services. 	<p>Discuss with your Water Hygiene Contractor your Legionella risk assessment and scheme of work.</p> <p>Managing School Premises during the Coronavirus Outbreak 07 07 20 https://www.gov.uk/government/publications/managing-school-premises-during-the-coronavirus-outbreak/managing-school-premises-which-are-partially-open-during-the-coronavirus-outbreak</p> <p>The water hygiene contractor has carried out recent checks.</p>

				<ul style="list-style-type: none"> The hot water has been circulating as normal and regular checks, in line with guidance, have been carried out. Asbestos Management	Compliance with Asbestos Reg 12 & HSG 264	All Building Users		<p>Inspect the building and if any damage to rooms containing or suspected asbestos material, contact your asbestos consultant for further advice.</p> <p>No maintenance or alterations have been carried out during this period.</p>	<p>Any concerns discuss with your Asbestos consultant.</p> <p>Compliance with Asbestos Reg 12 & HSG 264</p>
Statutory Requirement for Servicing of plant and Equipment. Pressure systems Passenger Lifts Lifting equipment	Compliance with PSSR 00 LOLAR 98	All Building Users		<p>Thorough Examination & Test is a critical component of a management process to ensure the safe operation of equipment whose failure through deterioration can create dangerous situations, physical harm and business disruption. The statutory obligations to TE&T remain in place and the HSE expects dutyholders to make all reasonable efforts to arrange for TE&T to be carried out within the statutory time limits. The HSE strongly recommend that TE&T are completed. If a failure occurs due to a safety related fault, enforcement action may be taken.</p>	<p>HSE Guidance Note to Dutyholders and Inspectors. https://www.hse.gov.uk/news/work-equipment-coronavirus.htm</p> <p>Required - If equipment is outside of the inspection date, the school management to contact their specialist contractor and have the TE&T completed asap.</p>
<u>Building Hygiene</u> Deep Clean of all areas of the school	Compliance with current hygiene standards published by the UK Government.	All Building Users		<p>It is important that arrangements remain in place to ensure that pupils and staff are in safe.</p> <ul style="list-style-type: none"> Caretaker and cleaner have specific, designated areas of the school to undertake a thorough clean and disinfect of all areas and surfaces prior to reopening. Cleaning sheets specifying explicit tasks to be completed every day – ie disinfect handles, etc. Caretaker and cleaner to sign that specific tasks have been completed. COVID-19 Actions for Schools Guidance for Full Opening – Schools

<https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools>

Annex A: Behaviour principles

In light of the need for children to behave appropriately and with respect for others. The following behaviour guidance must be communicated to children, parents and staff.

Rules of good behaviour are:

- following the routines for arrival or departure
- following the club instructions on hygiene, such as handwashing and sanitising.
- following instructions and stay with your allocated bubble whilst attending the club.
- When moving around the premises follow the instructions given to you. (for example, one-way systems, out of bounds areas, queuing including where children may or may not play)
- expectations about sneezing, coughing, tissues and disposal ('**catch it, bin it, kill it**') and avoiding touching your mouth, nose and eyes with hands
- tell an adult if you are experiencing symptoms of coronavirus
- follow the rules about sharing any equipment or other items including drinking bottles
- use of toilets
- clear rules about coughing or spitting at or towards any other person.
- Any rewards and sanction system where appropriate

Identify any reasonable adjustments that need to be made for children with more challenging behaviour.

Annex B: Principles for staff

1. Do not come to work if you have coronavirus symptoms but go home as soon as these develop (informing your Team Manager) and access a test as soon as possible.
2. Clean your hands more often than usual - with running water & soap and dry them thoroughly or use alcohol hand sanitiser ensuring that all parts of the hands are covered.
3. Use the '**catch it, bin it, kill it**' approach.
4. Avoid touching your mouth, nose and eyes.
5. Clean frequently touched surfaces often using standard products, such as detergents and bleach.
6. Think about ways to modify your activity approach to keeping a distance from children in your group as much as possible, particularly close face to face support (noting that it's understood that this is not possible at all times, which is why hygiene and hand cleaning is so important).
7. Help your group to follow the rules on hand cleaning, not touching their faces, '**catch it, bin it, kill it**' etc. including by updating your classrooms displays with posters.
8. Prevent your group from sharing equipment and resources (like stationery).
9. Keep your activity door and windows open if possible for air flow.
10. Limit the number of children from your group using the toilet at any one time.
11. Limit your contact with other staff members, and do not congregate in shared spaces, especially if they are small rooms.
12. Make sure you have read the summer clubs updated behaviour policy and know what role in it you are being asked to take.
