

## Time for Music: Week 1 – Years 1 & 2

## Listen Up!

Begin by listening together to: 'FLYING' (from E.T.), John Williams

#### https://www.youtube.com/watch?v=7AR6KQOiNHA

- 1. Find a scarf or anything floaty.
- 2. Find a space big enough to move in.
- 3. Can you make up a dance to the music 'FLYING'?
- 4. Move high and low with the music.
- 5. Move fast and slow with the music.
- 6. Pretend you are flying through space searching for and visiting each planet on your journey.

# **Explore!**

IF THE SKY IS CLEAR AT HOME WHY NOT STAY UP LATE AND DO SOME STARGAZING?

TAKE A BLANKET OUTSIDE AND LIE DOWN TO LOOK UP AT THE SKY.

WHAT CAN YOU SEE? You could listen to 'FLYING' by John Williams with some headphones while you gaze at the stars.

If there is too much light pollution or it is raining and cloudy you could watch this programme instead.

 $\frac{https://www.bbc.co.}{uk/teach/class-clips-video/little-stargazing-the-stars/zmfgkmn}$ 

In this series teaching the basics of astronomy, two young stargazers visit a Dark Sky park, one of the darkest places in the country.

### CAN YOU SING 'Twinkle Twinkle Little Star'?

Try singing the song in different styles; Why not try one or two of the following? Then ask your children how they would like to sing it.

Quiet

Loud

**Smooth** 

Spikey

Fast

Slow

Like a robot

Like a giant

Like an alien

## Extra fun!

## A fun song to learn together

## The Planets - from Out of the Ark music

You can find this song if you click on the link below

#### MAKE AND DO:

- -Cut out circles of card or paper and make each circle look like a different planet.
- -Hang them from string and when it is dark you could shine a light on them.
- -Can you remember the name of each planet?

YOU COULD DESIGN YOUR OWN PLANET AND MAKE A MODEL OF YOUR IDEAS.
