Every morning will start with the children taking part in a class Collective Worship. They will also be engaging in mindfulness / PSHE and C themed activities to support them with getting prepared for the day.

UPPER KEY STAGE 2 MATHS CATCH UP CURRICULUM

Every day will involve the pupils counting in different ways and there will be regular arithmetic tasks and times tables quizzes to keep these areas bubbling over.

Pupils will be developing at their level. Their fluency, reasoning and problem solving skills will be applied daily also, in order to give them plenty of opportunity to develop confidence with working with numbers in a variety of ways.

Pupils will continue to carry out pre-learning activities so that work can be matched accordingly.

Y5	Y6
Statistics – interpreting charts and line graphs. Measurement – Length and Perimeter Area Converting units – Length, capacity, mass/weight, money and time and timetables. 2D and 3D properties of shape and problems. Arithmetic skills.	Statistics – Line graphs and reading tables and timetables. Pie charts. Coordinates 2D and 3D shapes and their properties. Translation and Reflection. Arithmetic skills involving the 4 operations. Revisiting objectives from the Autumn Term.

Consolidating Autumn term maths.

Measures – Perimeter and Area
Converting units including length, capacity, mass and weight,
time.
