12th November 2026

Dear Parents and Carers,

Next week, we will be taking part in Maths Week England, a national celebration of mathematics that aims to promote enjoyment, curiosity and confidence in maths.

Throughout the week, children will take part in a range of mathematical activities and challenges within their classes, encouraging them to think creatively, solve problems and develop a positive attitude towards mathematics.

Children in Key Stage 2 will also be participating in the TTRockstars England Rocks competition. This is a fantastic opportunity for pupils to practise their times tables whilst competing against children from schools across the country. We encourage children to log on at home during the week if they are able to do so.

Many families will remember that we have previously held a Rock Star Day as part of our Maths Week celebrations. This year, as we continue to settle into our wonderful new school building, we have decided to move this event to the Spring Term. This will allow us to give it the time and attention it deserves and make it an even bigger celebration of mathematics.

We are also hoping to combine this with a Family Maths and Problem-Solving Event, similar to the successful event held a few years ago, where children and their families can enjoy tackling mathematical challenges together.

We look forward to sharing further details of these exciting events later in the year.

Thank you for your continued support.

Kind regards,

Victoria Wilson

Maths Lead
