

St Peter's CE Primary School

Working Together for the Children

Our school believes that strong partnerships between school and home are essential for every child to thrive. We aim to build a supportive, respectful, and collaborative relationship with parents and carers so that together we can promote the academic progress, personal development, and wellbeing of every pupil. We are committed to open communication, shared responsibility, and mutual trust. By working closely with families, we seek to create a learning environment where children feel valued, supported, and motivated to achieve their full potential. Through regular dialogue, guidance, and opportunities for involvement, we encourage parents to play an active role in their child's learning journey. Together, we strive to nurture confident, resilient learners who are happy, safe, and prepared for the future.
