

Year 6 Summer 2 Curriculum Newsletter

Maths: Geometry

This term we will draw 2D shapes using given dimensions and angles, build simple 3D shapes using nets and compare and classify geometric shapes.

Algebra

We will use simple formula and express missing number problems algebraically.

English

This term our reading and writing work will be centered around the book, 'Animal Farm' by George Orwell. In writing, we will practice applying all of the grammar skills learnt so far by completing a short story and a diary entry.

In reading, we will analyse the text to improve our understanding of it and answer a variety of questions about the content of the story.

History

This term we will learn about the following:

What are Human Rights?

What are Women's Rights?

What are Children's Rights?

What is Racial Equality?

What is Freedom of thought, belief and religion?

Geography

Africa unit continued from Summer 1

We will also learn about the following:

What globalisation is.

Economic Globalisation

Political Globalisation

Social Globalisation

Globalisation; a global force for good?
