

St Peter's News

May 2023

The summer term has come around so quickly and we only have 7 more weeks in this academic year. The last few weeks are always extremely busy so please do add the dates on the right to your diary. Thank you for your wonderful support donating eggs for the Easter bingo. We raised just over £400 so, combined with the disco funds, we are able to put on an exciting, whole school science day for all children with Professor Bubbleworks.

The warm weather means lots of outside opportunities in school so please make sure your child has sun lotion on and brings a sun hat and water bottle.

Hope you all get to enjoy some sunshine. Mrs Mac

School Values

“Wait your turn.” “Wait ’til you’re bigger.” We often ask children to be patient, but developing this value takes time. Patience is the ability to endure a difficult situation without complaining. It means showing self-control and staying calm in the face of frustration or boredom. When you’re patient, you understand that some things are worth waiting for. Adults as well as children often get frustrated if they don’t see immediate results. But at any age it’s important to wait for the right time to speak or act. Patience is a value which can have a hugely positive effect on ourselves and those around us.

Dates and reminders

- Mon 5 Jun Earth Day
- Mon 5 Jun Science week
- Tues 6 Jun Y6 Star programme with PC Utley
