May 2026

Dear Parents and Carers,

We are excited to be celebrating **National Numeracy Day on Wednesday 20th May**, with this year's theme being **"Count on Your Community"**. The day is designed to help children recognise how maths is used in everyday life, both in and out of school. To bring this theme to life, we would really value your support. We are inviting families to take a photo of your child using numbers in real-life situations.

This might include:

- Weighing or measuring ingredients while cooking
- Measuring objects around the house
- Counting items such as toys, steps or coins
- Spotting and talking about numbers when you are out and about

Please send your photo to your child's class teacher via Seesaw. These photos will be shared in school and used as inspiration for learning activities, including drawing, discussion and exploring how numeracy is used in different everyday contexts.

As a special treat, children are invited to **wear non-school uniform on National Numeracy Day for a £1 donation.**

All money raised will go directly to our Preschool, helping to further develop their outdoor learning area and provide additional outdoor maths resources

On the day, children will take part in a range of fun and engaging maths activities and have the opportunity to work with pupils from other year groups, to ask questions and explore how numeracy is used throughout everyday life.

Thank you for helping us show children that maths really is all around us, every day. We look forward to seeing the photos you share and celebrating numeracy together as a school community.

Kind regards,

Mr Luke Hollywell
Year 2 Teacher
