Year 3 have had lots of fun exploring money in maths this week! They created their own shops, designing their items, setting Prices and selling them to customers.

The children enjoyed trading items and spending their 'profits' at their friends' shops. This was a great experience for the children to explore the value of money, calculate change and be creative!
Miss E Boddice

In Reception Class, we have enjoyed being imaginative and expressive by performing and playing musical instruments with our friends.
Mrs S Finlow

Congratulations to **Mrs Jo Drew**, our Family Support Worker, who will be taking up a new position after half term as Wellbeing and Pastoral Support at Hereford and Ludlow College. We will be very sad to see Jo leaving St. Peter's but we wish her lots of luck in her new role. Good luck Jo and thank you for all your work in supporting our St. Peter's pupils and their families. **Mrs H Yarnold**

This week in **Year 1**, we have been exploring sculptures created by Alexander Calder. In groups we had a go at making different kinds of sculptures using materials from outside. The children chose the team they wanted to be in and showed great team work to design and create a giant minibeast sculpture.

St. Peter's Pond Project

Having had a few issues with our 'Go Fund Me' fundraising page, we have decided to close this account and have been assured that any donations have now been fully refunded. Thank you so much to those who very kindly offered donations. Please watch this space as we launch a new fundraising page next week in the hope that we can raise lots of money to regenerate the pond area in school. Thank you for your patience with this while we seek to select the right platform for our fundraising mission. Here is the pond...somewhere! **Mrs H Yarnold**

In Forest School, **Year 2** learned about the life cycle of a ladybird. The children explored the outdoor area and searched under leaves to look for yellow ladybird eggs. They learned key facts about ladybirds, including the different stages of their life cycle and why they are important insects.

Parking in Cherry Tree Close

Please ensure that, if you park in Cherry Tree Close, you turn your car engine off while waiting for the end of the school day. Local residents struggle with the smell of car fumes in their homes and we must try to limit air pollution near to the school site. Please be considerate and turn off the car engine while you wait to collect your child. Thank you.

CATCH 22 for Y6 pupils

Dear Parents/Carers of St Peters Primary School students,

We would like to invite you to join us and a member of the West Mercia STEPS team, to find out more about the support they offer to young people to reduce the risk of exploitation that will be delivered to our Year 6 students later in the Summer Term.

These include healthy relationships, safety planning, consent and decision making.

During the session you'll have the opportunity to:

- Hear from a member of West Mercia STEPS team about the topics covered
- Gain a clearer understanding of the STEPS sessions, including what is covered, how it is delivered, and the support in place for your child
- Learn how our school is working with STEPS to keep student safe and how we can work together to support them both in and out of school

We know that topics like these can be sensitive and sometimes difficult to talk about, but they are also vital in helping to support our students and ensure they thrive. The session will be informal and friendly, and there will be time to ask questions or simply listen if you prefer.

Date: 10/06/26
 Time: 14:30-15:30
 Location: St. Peter's Primary School

Please let us know if you are able to attend by confirming with Mrs Unwin in the School Office via email gunwin@st-peters.hereford.sch.uk or by contacting Miss Chambers on Seesaw.

We look forward to welcoming you.

Warm regards,
 Mrs H. Yarnold
 Head of School
