

Nazareth Rooms Home Learning week beginning 30.03.2020

Reading:

- How many words can you find beginning with the letter 'a' can you find?
- With a grown-up, play a listening game about a visit to a farm, 'I went to the farm and I saw...' – instead of saying the animal name, split the word into 3 letter sounds. The other person has to identify the animal by blending the sounds together. For example 'I went to the farm and I saw a 'c-a-t.' 'It's a cat!'
- To read a book with you parents and write or draw your favourite part.
- Can you read different books with a grown-up and picture your favourite story – try and describe why.
- In you favourite, can you pick your favourite character and draw a picture of them and write describing words to describe them.

Phonics:

Each day please also complete handwriting practise and phonics activities.

- Handwriting: Throughout this week please practise all 'curly caterpillar letters': c, a, o, g, d, e, q, s, f. You need to write each letter lots of times to practise it. Make sure you start and finish the letter in the correct place.
- Phonics: Use the 'Phonics Play' website – you can access free games for your children. We are working on phase 2 and 3 in school. The website is: <https://www.phonicsplay.co.uk/> but it can also be accessed by typing 'phonics play' into Google.

Writing

- Can you practise writing your full name?
- Can you practise writing your full address?
- Can you picture one of your favourite animals, can you draw a picture of it and then use adjectives (describing words) to describe it.
- Can you write simple sentences using: the, to, I, go no.
- Can you try and write a simple sentence about the following pictures.

Maths

- Can you use the ruler to measure the length or height of at least 10 small objects of their choosing. They can write the measurements down in their books.
- Can you practice writing the numbers from 0-20 in words, the days of the week and the months of the year.

- Your child can also watch the following videos on YouTube to support them with these tasks: <https://www.youtube.com/watch?v=lPeAo1hz8GA> (Can be accessed by typing 'The Months of the Year Learning Station into Google.)
- https://www.youtube.com/watch?v=zJLjJf8c_c (Can be accessed by typing 'Days of the Week Song 3 Kids TV' into Google.)
- <https://www.youtube.com/watch?v=D0Ajq682yrA> (Can be accessed by typing 'Numbers 1-20 Singing Walrus' into Google.)
- Ask your grown-up to tell you a number. Place this number of raisins or cereal pieces on your plate. If your grown-up says 'one more', can you add one more and say the number you have? If your grown-up says 'one less', can you eat one then count the number you have left?
- Ask a friend or grown-up to place some small toys in front of them and say how many they have. Can you count out a group of toys that is one more?
- Play 'Guess the Shape' with a friend or family member. Describe a shape, remembering to say how many sides and corners it has and to be specific, e.g. "It has 4 sides. It has 4 corners. It has 4 equal sides." See who can guess the most shapes correctly.
- Go into your garden or a park near your house and collect some sticks, pebbles and leaves. See what 2D shapes you can make using them. Which shapes are easiest to make using the sticks? Which objects are best for making a circle

Topic - Growing

- Draw or paint a picture of some flowers. What colours do you need? Can you remember the different parts of a flower? Try using the words 'stem', 'leaves' and 'petals' to describe your flowers.
- Go for a walk with a grown-up around a garden or park. Look carefully to see what plants and flowers you can see growing. You can take some photos and draw some pictures of the things you see.
- Try making a model of a flower. You could use playdough, paper or card, construction toys, empty cardboard tubes and boxes or plastic tubs or pots. Think about how you could make the stem, the flower and the leaves.
- Continue to make a weather chart to show what the weather is like for a week. You can compare the weather chart to the one you made last week.
- Can you grow anything – maybe a flower or any vegetables?

Other things you can do at home

- Bake cakes
- Go for a walk
- Play board games
- Play card games
- Take photos
- Dress up
- Make book marks
- Make slime
- Build a den
- Exercise videos – YouTube

- Make sock puppets
- Mini beast hunt in the garden
- Play with lego
