We, the family of St Peter's, united in faith by God strive to learn and grow together to be the best we possibly can every day.

### **INTRODUCTION**

At St. Peter's RC Primary School we offer a broad and balanced curriculum and have high expectations for all children. St. Peter's RC Primary School is committed to providing an appropriate and high quality education to all the children who attend. The school has an Additionally Resourced Provision for pupils with moderate learning difficulties. We believe at St. Peter's that there are equal opportunities for all learner regardless of their age, gender, need, disability, attainment or background.

# AIMS AND PURPOSE OF THIS PLAN

This plan shows how St. Peter's RC Primary School ensures accessibility to our school for disabled pupils, staff, parents/carers and visitors. We are committed to providing an environment that enables the full curriculum access that values and includes all of our pupils, staff, parents/carers and visitors regardless of their education, physical, social, spiritual, emotional and cultural needs.

# **DEFINITION OF DISABILITY**

A person has a disability if he/she has a physical or mental impairment that has a substantial and long-term adverse effect on his/her ability to carry out normal day- to-day activities.

# **LEGAL BACKGROUND**

Under the Equality Act 2010, all schools must have an Accessibility Plan. The Equality Act 2010 replaced all existing legislation including the DDA. The effect of the law, means that 'Schools cannot lawfully discriminate against pupils because of sex, race, disability, religion or belief or sexual orientation'.

This plan has been drawn up based upon information supplied by the Local Authority, and in conjunction with pupils, parents, staff and governors of the school and will advise other school planning documents.

This Accessibility Plan sets out the proposals of the Governing Body of our school to increase access to education for disabled pupils in the three areas required by the planning duties in the DDA.

This plan sets how the school ensures access to education for disabled pupils in the three areas required by the planning duties in the DDA:

- Increasing the extent to which disabled pupils can participate in the school curriculum; which includes teaching
  and learning and the wider curriculum of the school, such as participation in after school clubs, leisure and
  cultural activities or school visits;
- Improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services;
- Improving the delivery to disabled pupils of information, which is provided in writing for pupils who are not disabled.

St. Peter's RC Primary School treats all stakeholders, including pupils, prospective pupils, staff, governors and other members of the school community favourably and, wherever possible, takes reasonable steps to avoid placing anyone at a substantial disadvantage. The school works closely with disabled pupils, their families and any relevant outside agencies in order to remove or minimise any potential barriers to learning, which may put them at a disadvantage whilst allowing them to learn, achieve and participate fully in school life. The school is active in promoting positive attitudes to disabled people in the school and in planning to increase access to education for all disabled pupils.

# **CONTEXTUAL INFORMATION**

The school building and playground is accessible for a child in a wheelchair. We have ramps around the school building as well as a lift to go up a flight of stairs.

### THE CURRENT RANGE OF DISABILITIES WITHIN ST. PETER'S RC PRIMARY SCHOOL

The school has children with a wide range of disabilities in the mainstream school which include Autistic Spectrum Disorder, Speech, Language & Communication Needs, Social, Emotional and Mental Health needs, and serious medical conditions with related susceptibility to infections. The school also has a 12 place specialist provision for children with Complex and Moderate Learning Difficulties. These children are taught both in the resource provision and in the mainstream setting. They are fully included in all aspects of school life and we value the contribution they make to our school.

We also have a number of children who have asthma and all staff are aware of these children. Inhalers are kept in the classrooms and a record of use is noted.

Some children have allergies or food intolerances/cultural food choices and records are kept and shared to ensure their needs are met.

All medical information is collated and available to staff, Alert Notices are available in a file in the staffroom and close links are kept with parents to ensure these needs are accurate and that, where necessary, Care Plans are in place. Risk Assessments are also carried out for children with additional needs.

We have multiple competent First Aiders who hold current First Aid certificates. Where additional training is necessary e.g. Epilepsy, BUCCAL, EPIPEN it is provided on a yearly basis.

All medication is kept in a central safe and secure place which has easy access for First Aiders and staff members. Administration of Medicines consent forms are filled in by parents outlining the illness and amount and time of medication. All medication that is given is recorded.

### **REVIEW AND EVALUATION**

It is a requirement that our accessibility plan is resourced and implemented, reviewed and revised as necessary and reported annually. Below is a set of actions showing how St. Peter's RC Primary School will address the priorities identified in the plan. The plan is valid for 3 year, 2019-2022. It is reviewed annually.

The plan below sets out the main objectives of the school Accessibility Plan.
