

*St Peter's Catholic Primary School*  
*Love to Learn – Learn to Love*  
*Hearts Challenge*

Dear children,

We would like to make a HUGE collage of hearts from every person in our school. It will look a little like this:

Everyone will contribute. Each child and adult will make or draw or paint an individual heart. Everyone will send these in. Then we will put all of the 400+ hearts together into one whole artwork, which you will be able to see this on the school website. We will have a reminder that:

**We are all together, even though we are currently apart!**

When we come back to school, you will be able to see our shared artwork as an actual piece of art in our school hall!

Send in a photo of one heart that you have created to your year group email address. Please send these in by Friday 19<sup>th</sup> June.

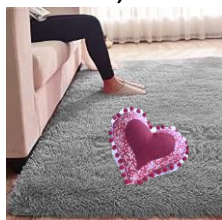

Good luck and God bless  
Mrs Scott

Instructions for creating **one** heart to send in:

1. Look at some interesting examples of artwork which include hearts.

2. Experiment with different techniques: sewing, painting, drawing...
3. And some different colour combinations....
4. **Now create one heart. Take your time.**
5. Take a photo of your heart artwork. Here are some tips for how to take a good photo:
  - Good light: outside is great.
  - Still object: put your heart artwork on a steady surface, or in a helper's steady hand!
  - Stay steady: hold the camera or device steady.
  - Centre: keep the heart in the centre of what you can see.
  - Background: try to include as little background as possible.
  - Ask someone at home to check your photo – Does your heart have clear colours, is it in focus, and does it fill the photo?

No!

Yes!!

6. If yes, upload the photo to our social media pages or send in by email. You can bring the real thing in when we are all back together again in Autumn term
