

## Home Learning Tasks

**Week beginning: 22/6/20**

### Everyday Ideas:

- Practise the 2, 5, and 10 times tables
- Practise your handwriting at the back of your home learning book – using your common exception words as practise.
- Top marks – Daily 10

### English tasks:

- Answer the following questions in your home learning books:
  - Where is the pup's mother?
  - What animal is she?
  - What might she have learnt already from her mother?
  - How old is the pup?
  - Do you remember learning to swim? What were the biggest challenges you had to overcome?
  - Will the pup be brave enough to enter?
  - How is it that some animals are better swimmers than others?
  - How do you think it would feel to swim in that water?
  - Would you be able to do it?
- Imagine you have dived down into the water. Can you draw what you might be able to see?

- **Improve the sentence** - The pup lay on the snow. She looked at the water. It was a sunny day. It was cold.
- Use the picture to create a setting description. Remember to use your senses to describe the setting!
- Research Seals and write your top 10 facts about them in your home learning book

### **Maths Tasks:**

**This week we want the children to use their multiplication, division, addition and subtraction skills to improve their mental arithmetic. Your child should be able to complete simple sums in their head quickly and recall the 2s, 5s and 10 times tables.**

- Find a deck of cards, or write numbers (0 – 10) on pieces of paper. Put the cards face down. Turn the first card over and remember the number then turn over the next either adding or subtracting it from the first number. You can ask an adult for help if you need to!
- Daily10 game <https://www.topmarks.co.uk/maths-games/daily10>
- Play the speed trials on Mathletics!
- Solve the sums at the bottom of this document.

**RE: LO: To understand that we are God's treasure**

*You can be sure that God will take even greater care of you.*

*Never be upset or worried.*

*God your Father knows all your needs and will take care of you.*

*(based on Luke 12: 27-28).*

Talk through the following questions with your child:

- Q What was Jesus asking us to think about?
- Q Does everything last forever?
- Q Why did Jesus say never be upset or worried?
- Q How does God look after us?
- Q Why does God look after us?
- Q How does God look after YOU?
- Q Why do YOU feel happy?

In your home learning book write how God looks after us. What makes us happy about God's world and how do we treasure it?

**Geography**

We would have been studying India as our final topic in school this year. To begin, research some facts and write them in your home learning books. Remember to think about:

- Where is India? Can you find it on a map?
- What food is popular in India?
- What is the weather like in India?
- How many people live in India?
- What language do people in India speak?

**PE:**

- Follow Mr Russell on Instagram and try to complete one of his workouts! Write down any exercises you enjoyed as you may need this for your science activity!

## Science

Design a healthy meal that you and your family could share. Remember the eat well plate that you looked at last week to ensure you have each group of food included. Draw it and write about it in your home learning. Make the meal with your families help and send us in a picture!
