Year 6

Autumn Term 2 - 2025

Year 6

Dear Parents,

Welcome to Year 6!

### **SODA (Start of day activity)**

First thing in the morning pupils come in and complete their morning activity. This varies daily; sometimes we do spellings and grammar and other times our focus is Maths.

### **English**

Our focus this term is on biographies. We are looking at different figures and creating fact files about their lives. Currently we are looking at Walt Disney.

### **Mathematics**

This term we are doing a lot of work on numbers, for example fractions, decimal and percentages. Children are being taught how to convert fractions to decimals and so on. We are working extremely hard on daily fluency and problem solving questions (SATs standards). We aim to carry out at least one arithmetic paper during the week, this helps children to constantly recap their learning and help embed it in their minds.

This term we will be carrying out several booster sessions during the day, to support our pupils in areas they are struggling in.

### **Science**

We are looking at animals including human's circulatory system. Pupils will be investigating how our bodies work scientifically.

### **PE:**

Year 6 have PE every Tuesday. Please could parents make sure pupils bring in their full uniform including the correct shoes.

### **Geography**

We are looking at the World!

Key words: Equator, hemisphere, biome, longitude, continents, climate, orbit.

### **DT/:**

To make a healthy meal to understand the importance of a healthy lifestyle.

### **RE:**

Advent

Understanding what it is? When it is?
