

Remote Learning Suggested Timetable KS1

Please note that this is only a suggestion as to how the KS1 remote learning could be structured during a school closure. We are aware that there may be a need for different people within the household to be using a device at any given time. However there is an expectation that children complete remote learning so that they are not disadvantaged on a return to school.

Google Meet interactions with the children must be accessed at the time stated on the text sent to parents as these will be in the form of a live video call. You will be notified by text message the day before in order to confirm times for these.
