Our ethnic background describes how we think of ourselves. This may be based on many things, including, for example, our skin colour, language, culture, ancestry of family history. **Ethnic background is not the same as nationality or country of birth.** The Information Commissioner (formerly the Data Protection Register) recommends that young people aged over 11 years old have the opportunity to decide their own ethnic identity. Parents of those with parental responsibility are asked to support or advise those children over 11 in making the decision, wherever necessary.

Please study the list below and use one box only to indicate the ethnical background of your child.
