Ventilation	<p>Good ventilation with fresh air is essential at all times in classrooms and particularly during this period. Refer to the system of controls for guidance on keeping occupied spaces well ventilated.</p> <p>The school now have access to ?? Co2 monitors. They will be used in areas of the school where ventilation is most restricted. Monitoring will be carried out and recorded daily so decisions can be made regarding ventilation i.e., windows open/closed.</p> <p>Where there are positive Covid cases or an outbreak, Co2 monitors can be monitored to track air quality.</p>	3	4	M	<p>All the school's mechanical ventilation systems are serviced and maintained in accordance with the manufacturers recommendations.</p> <p>All areas of the school must be kept well ventilated. It is the individual's responsibility to ensure that the windows and doors (where appropriate) are fully opened within their office, classroom etc.</p> <p>Results from Co2 monitors will be used as the basis of SLT discussions regarding increased ventilation and ways to improve air quality if required.</p>	1	4	L

	both these test results are negative, and you do not have a high temperature, you may end your self-isolation after the second negative test result and return to your education or childcare setting from day 7. Report your LFD test results after taking each test,							
Asymptomatic testing of staff	From 11 January 2022 any member of staff or student who receives a positive lateral flow device (LFD) test result for coronavirus (COVID-19) will be required to self-isolate immediately and won't be required to take a confirmatory PCR test. This is a temporary measure while COVID-19 rates remain high across the UK.	2	4	M	All staff have been provided with LFD home test kits to swab themselves twice a week at home. Households of children attending Education can now access lateral flow tests as per Government Guidance. https://www.gov.uk/guidance/rapid-lateral-flow-testing-for-households-and-bubbles-of-school-pupils-and-staff	2	4	M

Coronavirus (COVID-19) Whole School Risk Assessment – Spring Term 2022	<u>ST TERESA'S CATHOLIC PRIMARY SCHOOL</u>	Ref No	C19/001
		Date	04/01/2022

Task Description	Whole School Risk Assessment – Spring Term 2022	Location	All Areas			Date of Review					
Persons Affected Individuals or Groups	Employees, children, contractors, visitors, members of the public and family members/carers		Risk Assessment			Revised Risk Assessment with Further Control Measures					
Hazards / Consequences	Existing Control Measures		L	S	R	Further Control Measures Whole School			Modified		
			L	S	R				L	S	R

Impact on individuals who may be more vulnerable to COVID-19 due to their vaccination status	The Trust encourage all employees to take part in both LFD testing twice a week and where medical conditions allow the National Vaccination Programme.	3	4	M	Ongoing Monitoring	3	4	M
					Unvaccinated, employees who are identified by Track & Trace as a close contact should self-isolate as instructed, and where possible work from home.

[Guidance on protecting Clinically Extremely Vulnerable from COVID 19](#)

[When to Self-isolate and what to do](#)

****Throughout the re-opening process there will be incidents that require a dynamic risk assessment – an assessment of unforeseen or emergency hazards. The risk will be assessed by the staff at the time of the event.***

The normal duties of consultation on health and safety matters still apply during the pandemic. Section 2(6) HSWA states:

“It shall be the duty of every employer to consult any such representatives with a view to the making and maintenance of arrangements which will enable him and his employees to co-operate effectively in promoting and developing measures to ensure the health and safety at work of the employees, and in checking the effectiveness of such measures.”

	Signed:  <i>I am satisfied that the controls within this risk assessment are sufficient to mitigate identified risks.</i>		Signed:  <i>I undertake to implement the control measures identified in this risk assessment and to review the assessment on a dynamic basis</i>

Rating: Low = 1 – 6, Medium = 8 – 15, High = over 15

Risk Assessment Matrix (Probability and Likelihood Scales)							
		Likelihood Rating					
Severity Rating	Description	1	2	3	4	5	6
		Very Unlikely	Unlikely	May happen	Likely	Very likely	Certain or imminent
1	Delay only						
2	Minor injury, minor damage						
3	Lost time injury, illness, major damage						
4	Major injury, disabling illness, major damage						
5	Single fatality, or permanent total disability						
6	Multiple fatalities						

Outbreak Management Plan – if we need to socially distance / go back to bubbles

<p>Who is returning? <i>Things to consider: It is not yet clear whether this will be altogether/part days/rotation of weeks. Availability of staff will dictate how many children can be accommodated for each day.</i></p>	<p>EYFS bubble Reception – 23 in one bubble and 22 in the other. Nursery - MAX 35 children across 2 daily sessions.</p>	<p>KS1 bubble - 90 children across 3 classroom bubbles</p>	<p>LKS2 bubble - 90 children across 3 classroom bubbles</p>	<p>UKS2 bubble - 90 children across 3 classroom bubbles</p>
<p>Entrance/Exit to school <i>Things to consider: Staggered start/finish times to avoid congestion on the yard and around school, create 'learning bubbles' within different sections of the school</i></p>	<p>Nursery AM – 8.45am-11:45am PM 12:30pm – 3:30pm Reception 8:45am – 2:45pm</p>	<p>Staggered start and finish 9am – 3 pm Class 1 &2 – main gate Class 3 – main gate Children to be dropped at main school gate. No parents in yard on a morning, parents wait in yard on an afternoon at designated times.</p>	<p>Staggered start and finish 8:50 – 2:50pm Class 7 – Church gate Class 6 – KS2 gate Class 5 - KS2 gate Children to be dropped at KS2 gate and use HALL DOOR. No parents in yard on a morning, parents wait in yard on an afternoon at designated times.</p>	<p>Staggered start and finish 8:45am – 2:45pm Class 10 – Church gate Class 9 – KS2 gate Class 8 – KS2 Gate Children to be dropped at KS2 gate and use KS2 DOOR. No parents in yard on a morning, parents wait in yard on an afternoon at designated times.</p>
<p>Movement around school, including toilets. <i>Things to consider: share out toilet facilities, additional cleaning, move towards packed lunches for all pupils. Toilet/corridor monitoring.</i></p>	<p>Nursery and reception toilets Children and staff will be confined to EYFS</p>	<p>Children to use their own usual toilets. School is marked with one way systems in relevant corridors and staff are monitoring the number of children in the toilets. Toilets are cleaned more frequently.</p>		

<p>Organisation of learning activities <i>Things to consider: Workload - Some teachers will be asked to teach in new year groups, whilst also maintaining remote learning. Use of outdoor learning to encourage physical distancing.</i> <i>Curriculum/transition.</i></p>	<p>EYFS to be followed. Utilise all outdoor space.</p>	<p>Children to be taught in their own classes. Outdoor space to be utilised as much as possible. Children to be provided with plastic wallets for homework / reading books to minimise the bags coming into school. Children to wear their PE kit on their PE days.</p>		
<p>Lunch and break arrangements.</p>	<p>All reception children will be provided with a school meal to eat in their classroom for at least the 1st half term. No 'breaktimes' as in line with EYFS</p>	<p>KS1 bubble to be in the dining hall 12:00pm – 12:30pm Tables to be thoroughly cleaned. Breaktimes as stated in Blue Staff Pack</p>	<p>LKS2 bubble to be in the dining hall 11:30am – 12pm Tables to be thoroughly cleaned. Breaktimes as stated in Blue Staff Pack</p>	<p>UKS2 bubble to be in the dining hall 12:30am – 1pm Tables to be thoroughly cleaned. Breaktimes as stated in Blue Staff Pack</p>
<p>Cleaning Arrangements</p>	<p>Cleaning rota – hourly. Designated staff to clean</p>	<p>Cleaning rota – hourly. Designated staff to clean</p>	<p>Cleaning rota – hourly. Designated staff to clean</p>	<p>Cleaning rota – hourly. Designated staff to clean</p>

*Children will access remote learning via teams as necessary in the case of bubble closure / isolation.

Outbreak Management Plan

Date Adopted	July 2021
Date Reviewed	
Next Review Date	July 2022
Version	1.0
Review Cycle	Annual
Publication Scheme	Trust Website Local Schools' Websites

This Outbreak Management Plan is based on the contingency framework for managing local outbreaks of COVID 19 and the school's/college's operational guidance from step 4, published by the Department for Education (DfE).

We will only implement some, or all, of the measures in this plan in response to recommendations provided by our local authority (LA), director of public health (DsPH), Public Health England (PHE) health protection team or the national government.

It may be necessary to implement these measures in the following circumstances:

- To help manage a COVID-19 outbreak within the school/college
- If COVID-19 infection rates in the community are extremely high, and other measures have failed to reduce transmission
- As part of a package of measures responding to a 'variant of concern' (VoC)

The Trust will have an up-to-date risk assessment in place, it will be communicated to the whole staff team; appropriate information will be shared with students, parents/carers, visitors, and any other people impacted by the school/college activities.

The Senior Leadership Team will review the risk assessment each month to make sure the measures included are providing the best level of protection available, whilst allowing the school/college to run in a way which will prioritise student's education and growth.

The Trust will have arrangements in place so it can re-introduce measures, up to and in line with the Summer 2021 COVID-19 risk assessment. This may include:

- Reintroduction of face coverings in communal areas
- Adhering to national guidance on the reintroduction of shielding which would apply to those on the shielded patient list (SPL). We will speak to individuals required to shield about additional protective measures in school/college or arrangements for home working or learning
- If recommended to reduce mixing between groups, we would:
 - Reintroduce bubbles
 - Have separate entrances/exits for bubbles
 - Deliver lunches to classrooms
 - Separate rota for breaks and lunches
 - Timetabled use of specialist rooms
 - Reintroduce 'maximum capacity' notices for all communal areas
- If recommended, we would limit:
 - Residential educational visits
 - Transition days
 - Parents coming into school/college
 - Non-essential visitors coming into school/college
 - Live performances

As well as increasing the level of controls, the measures will include providing high quality remote education where students are not able to attend. The school will continue to provide meals or lunch parcels for students eligible for benefits-related free school meals while they are not attending school because of COVID-19 isolation guidelines.

LFD Testing kits will be available on site and supplies will allow for a scaling up of testing if required to allow students and staff to attend. LFD testing is not appropriate for people with symptoms, and they should not attend school/college whilst they have symptoms.

PCR Testing kits will be available for any individual who is symptomatic and may not be able to access a PCR test by other means. Individuals (and where appropriate their parents/carers) should be encouraged to use PCR testing centres where they are likely to get a rapid result. Individuals (and where appropriate their parents/carers) should be strongly encouraged to share the results with the school/college at the earliest opportunity.

- Where a suspected case occurs, the individual will be asked to self-isolate and take a PCR test.
- It is possible when there are confirmed cases the school/college will be asked to provide a list of close contacts, this could lead to the need to take advice from PHE or the Local Health Protection team.
- Where there are multiple cases within a year group, further measures in line with the summer term risk assessment may be re-introduced. Public Health England will be consulted (08000468687 (1)) and any changes in their immediate or publicised guidance will be acted upon. In line with guidance released in August, if the school/college hits the outbreak threshold (General education 5 individuals or 10% of people test positive in a group), advice will be taken, and significant measures introduced.

Where an individual is asked to self-isolate, they will be provided with an isolation number. The number will allow the individual and the school/college to track how long the isolation must be in place.

Individuals who have been informed by Test and Trace to isolate, or have symptoms, must not attend the school/college. The school/college retains the authority to refuse entry to individuals who have symptoms or where the school/college feels their attendance may lead to an outbreak.

Personal Protective Equipment Matrix

The matrix below details the type (not make) of Personal Protective Equipment which may be suitable for a specific task. Government advice specifically states:

The majority of staff in education settings will not require PPE beyond what they would normally need for work, even if they are not always able to maintain a distance of 2 metres from others. PPE will only be required in a very small number of cases.

	(Not PPE) Sanitiser	Face Mask	Disposable Gloves	Disposable Apron	Full Face Shield
					
Teaching or Assisting Teaching	When hand washing facilities are not available	X	X	X	X
Cleaning / Site responsibilities	When hand washing facilities are not available	When specific protection is needed due to chemicals being used or cleaning a potentially infected area.	When specific protection is needed due to chemicals being used or cleaning a potentially infected area.	When specific protection is needed due to chemicals being used or cleaning a potentially infected area.	X
Kitchen/Dining roles	When hand washing facilities are not available	X	In line with normal guidance and while clearing used crockery/cutlery	X	X
First Aid	When hand washing facilities are not available	When close contact is needed whilst administering First Aid	In line with normal guidance	In line with normal guidance	X
Required close contact (within 2 metres) with an actual or suspected COVID 19 case	When hand washing facilities are not available	When close contact is required whilst supporting an individual before they are transported off site, and until area is cleaned.	When close contact is required whilst supporting an individual before they are transported off site, and until area is cleaned.	When close contact is required whilst supporting an individual before they are transported off site, and until area is cleaned.	When close contact is required whilst supporting an individual before they are transported off site.
Cleaning an area after a suspected COVID 19 case	When hand washing facilities are not available	Used when cleaning an area where a significant chance of infection exists (room where individual has waited for attention or toilet used)	Used when cleaning an area where a significant chance of infection exists (room where individual has waited for attention or toilet used)	Used when cleaning an area where a significant chance of infection exists (room where individual has waited for attention or toilet used)	X
Transporting in vehicles	Required along with disposable wipes	Available and provided for employees. Students encouraged to use their own	X	X	X
