

Progression of Knowledge and Skills in History

Our History curriculum follows the English National Curriculum and is delivered through a spiral approach, revisiting and deepening key historical knowledge and disciplinary skills over time. Substantive knowledge (such as events, people, and periods) and disciplinary knowledge (including chronology, cause and consequence, change and continuity, similarity and difference, and historical significance) are carefully sequenced so that learning is recalled, applied, and built upon to secure understanding and support end-of-key-stage attainment. Each unit is explicitly mapped to the content and aims of the National Curriculum, ensuring every lesson contributes to a coherent and cumulative progression of historical knowledge and enquiry skills. In EYFS, the curriculum aligns with the Early Learning Goals and Development Matters, particularly Understanding the World, supporting meaningful historical learning through stories, discussion, comparison of past and present, and first-hand experiences, and ensuring smooth progression into Key Stage 1.
