

# «FAST» TESTING

FIND AND STOP TRANSMISSION

Free, fast testing is now available for  
frontline workers in the borough.

**You can get tested even though you're not showing any symptoms.**

Help us all stop the spread of this deadly virus by getting tested twice weekly.

**1 in 3** people who have **COVID-19** don't show any symptoms. This means you can pass it on without knowing.

At our fast testing sites across the borough you can get your results after 30 minutes.

Support packages of up to **£500** are available for those who are positive and will have their income affected by having to isolate.
