## FOR PARENTS OF DIRECT CLOSE CONTACTS OF COVID 19 - Annex

Thursday 5<sup>th</sup> November 2020

Dear Parents and Carers,

**I am writing to inform you that we have had pupil test positive for coronavirus (COVID-19). The child has been tested as part of the Office of National Statistics (ONS) National Programme and has not shown any symptoms whilst in school.**

**Following a risk assessment within school and with support from Infection Control, your child has been identified as a close contact and will therefore need to isolate for 14 days. The last contact with children in school was Thursday 5<sup>th</sup> November. This will mean that the isolation will end on Thursday 19<sup>th</sup> November. Please note that in line with GDPR we are not allowed to name any individuals that test positive.**

**Your child will need to isolate from Thursday 5<sup>th</sup> November, which will end on 19<sup>th</sup> November, 14 days from the last contact. The children will be able to return to school as normal, on Friday 20<sup>th</sup> November.**

### **Advice for Children to Self-Isolate for 14 Days**

As a result of child testing positive for the virus we have followed the national guidance, and all pupils and staff members identified as close contacts of the individual are advised to self-isolate for 14 days, **therefore we are closing KS1 to ensure the children and staff isolate for 14 days from the last contact which was Thursday 5<sup>th</sup> November.** The children can return on Friday 20<sup>th</sup> November.

Your child will not be penalised for non-attendance and remote education will be provided throughout the period they are at home. The other members of your household are not required to self-isolate unless your child subsequently develops symptoms, therefore any siblings should continue to attend school. If your child develops symptoms, they will need to self-isolate for 10 days from the day their symptoms began, and the other members of your household for 14 days from this day.

**As the Legal duty to self-isolate came into force on Monday 28 September, to ensure compliance and reduce spread of COVID-19, we are unable to allow any affected children on site during the isolation period, including when dropping off or picking up other siblings. If you have any problems organising siblings attending school please contact the office on 0161 643 7132 or via email [office@stthomasmorerc.rochdale.sch.uk](mailto:office@stthomasmorerc.rochdale.sch.uk) and we will discuss arrangements.**

We are asking you to do this to reduce the further spread of COVID 19 to others in the community.

If your child is well at the end of the 14 days period of self-isolation, then they can return to usual activities. A negative test does not mean that your child can return to school earlier than 14 days.

Other members of your household can continue normal activities provided your child does not develop symptoms within the 14 day self-isolation period.

Assistant Headteacher: Sarah Dodd

For the children isolating they must not attend out of school clubs or visit other households - this is included in the Staying at Home Guidance

<https://www.gov.uk/government/publications/guidance-for-contacts-of-people-with-possible-or-confirmed-coronavirus-covid-19-infection-who-do-not-live-with-the-person/guidance-for-contacts-of-people-with-possible-or-confirmed-coronavirus-covid-19-infection-who-do-not-live-with-the-person>

## Home learning and Google Classroom

As part of the return to school guidance we have to have a contingency for any issues that arise due to COVID 19, whether that is quarantine, isolating or confirmation of a positive case. Remote Education during the closure period will be provided through Google classroom.

The codes for each class are:

**Miss Barran is:- svbswtp**

**Miss Banim is:- sp6a2ai**

There are learning packs ready in school which we will arrange delivery tomorrow. Please ensure you have logged into your child's class in order to access further resources.

EYFS Lead, Miss Barran, will have a zoom meeting Friday (6<sup>th</sup> November) afternoon to talk through the learning arrangements for the isolation period. The meeting will be at 1pm. The code for the meeting will be text out separately.

## **What to do if your child develops symptoms of COVID 19**

If your child develops symptoms of COVID-19, they should remain at home for at least 10 days from the date when their symptoms appeared, and should not return until 48 hours after the symptoms have past, as advised in

<https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance>

You should arrange for testing for your child via

<https://www.gov.uk/guidance/coronavirus-covid-19-getting-tested> or 111.nhs.uk or primary care.

To book a test at one of the local walk-in testing centres below call free phone **0808 1964 100** or visit [nhs.uk/coronavirus](https://www.nhs.uk/coronavirus) to book)

- Rochdale Town Hall, Packer Street.
- Market Place Car Park next to Middleton Arena, Old Hall Street, Middleton M24 1AG.
- Heywood Civic Centre

The sites are open **from 8am to 8pm seven days a week** and you must arrive on foot, by bike or in a car. – Please do not use public transport to get to the site. Face coverings are mandatory for ages 3yrs and above, and must be worn at all times during visit to testing site.

## Home testing

Home testing is aimed specifically at people who cannot get to test sites and can be arranged at <https://self-referral.test-for-coronavirus.service.gov.uk/>

A test can also be booked on the NHS website using the link below which provides you options for either a drive-through test, for which you or someone you live with must have a car to get to a regional test site or you can request for a home testing kit for yourself and anyone else you live with who has coronavirus symptoms. There is an identity check for home test kits.

<https://www.nhs.uk/ask-for-a-coronavirus-test>

If a household member tests positive, all other household members who remain well must stay at home and not leave the house for 14 days. The 14-day period starts from the day when the first person in the house became ill.

Household members should not go to work, school or public areas and exercise should be taken within the home. Household members staying at home for 14 days will greatly reduce the overall amount of infection the household could pass on to others in the community

If you are able can, move any vulnerable individuals (such as the elderly and those with underlying health conditions) out of your home, to stay with friends or family for the duration of the home isolation period

## Symptoms of COVID 19

The most common symptoms of coronavirus (COVID-19) are recent onset of:

- new continuous cough and/or
- high temperature and/or
- a loss of, or change in, normal sense of taste or smell (anosmia)

For most people, coronavirus (COVID-19) will be a mild illness.

If your child does develop symptoms, you can seek advice from NHS 111 at <https://www.nhs.uk/conditions/coronavirus-covid-19/check-if-you-have-coronavirus-symptoms/> or by phoning 111.

## How to stop COVID-19 spreading

There are things you can do to help reduce the risk of you and anyone you live with getting ill with COVID-19

- wash your hands with soap and water often – do this for at least 20 seconds
- use hand sanitiser gel if soap and water are not available
- wash your hands as soon as you get home
- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- put used tissues in the bin immediately and wash your hands afterwards
