## New Online Resources

This week national daily lessons have been introduced across the country. Please find links below to these new resources.

Please do not feel that your child needs to complete each and every lesson, as we said from the start of this situation that we have all found ourselves in, the wellbeing and health of your child and yourself, is the most important thing and finding a new family 'normal' can take time.

And please remember - don't worry about your child regressing in school. Every single child is in this boat and they will all be alright. When we are back in the classroom, we will all work hard and meet their needs where they are. Teachers are experts at this! What we need now is for you to share your strength, calm, fun and laughter with your children.

Get them in the garden and enjoy the sun, go for your daily exercise as recommended by the Prime Minister, let them draw and paint pictures, play board games, watch movies, bake or cook, do virtual field trips, start a book and read together or snuggle under warm blankets and do nothing on occasion.

Please continue to share the activities that you have been doing on Twitter.

Stay Safe
