

What to expect from...

Year 1 Phonics Screening

St Thomas More RC Primary School

2023

Mixture of words

The Phonics Screening test consists of 40 words, these are made up of non-words (alien) and real words. Children are encouraged to use 'Fred talk' (sound out) the sounds and then combine.

Practice about Real words	Practice about Pseudo words
in	ot 
at	vap 
beg	osk 
sum	ect 

When is the Phonics Screening Test 2023?

Schools have the freedom to choose a day within the week commencing **12th June 2023**. As some schools are larger than others, the test can take place on one day or across several days.

Teachers will administer the tests within that week and submit teacher assessment data shortly afterwards to the Primary Assessment Gateway (PAG).

2023 Phonics Screening Test Threshold

Once the 2023 Phonics Assessment for Year 1 is released by the government we will publish threshold pass mark here. That said, it is normally **32 marks out of 40** and a deviation from this is not expected. Children who scored 32 marks or more **met** the expected standard while those that score below 32 had **not**.

Children that didn't meet the expected standard in the 2023 Phonics Test will be required to take the test again the following year, the 2024 Phonics Screening Test.

Results

These will be shared with parents & Carers in the end of year report Summer 2023.

Our school Mission Statement

As Servants of God, we follow in the footsteps of Jesus Christ. Through His love, we guide each member of our family on their own spiritual and learning journey to achieve and grow.

We Love, We Learn, We Live with Christ.
