

**S t Thomas More RC Primary School -
Early Years Foundation Stage
Nursery Class**

Dear Parents and Carers

As part of our 'people who help us' topic we are looking for parents visitors to come into class to talk to the children. If you are a firefighter, nurse, doctor, dentist etc and would be interested in coming into class please let one of the nursery team know. This would involve talking to the children about the role you do and also answering any questions the children might want to ask. It would be extra special if you could come into class in your 'work uniform'. As best we can we try to give the children real experiences so any help would be great.

We have a policeman coming in to talk to the children early next week (Wk beg 18th).

Thank you for your continued support.

The Nursery team
