

Mr Solomon Chinamo

FOUNDATION GOVERNOR

Being a governor has been a thrilling experience and I would not change it for anything else. I was fortunate enough to be appointed a Foundation Governor in 2012 when the schools were still Infant and Junior Schools and my daughter was in Year 3 at the time.

I was re-appointed when the schools merged to be a federated school and now as a Primary school. My main focus has been around Health and Safety ensuring that the premises are safe for the children and staff of St Ursula's and during this time there have been significant improvements to the school that continues to be well maintained.

My professional background is in Food Manufacturing incorporated with Storage and Distribution and the skills I have gained in these sectors have helped me in what I do as a governor. This helps me to challenge and support the leadership team of St Ursula's to continue to have very high standards for the school.

I am the Vice Chair of the Governing body and I belong to the Resources and Curriculum committees.
