

EVIDENCING THE IMPACT OF THE PRIMARY PE & SPORT PREMIUM
St William's Catholic Academy

Purpose of the Premium

The Premium must be used to fund additional and sustainable improvements to the provision of PE and sport, for the benefit of primary-aged pupils, in the 2022 to 2023 academic year, to encourage the development of healthy, active lifestyles. The Department for Education (DfE) has published information on [how much PE and sport premium funding primary schools receive, and advice on how to spend it.](#)

Schools must use the funding to make additional and sustainable improvements to the quality of Physical Education, School Sport and Physical Activity (PESSPA) they offer. This means that you should use the Primary PE and sport premium to:

- Develop or add to the PESSPA activities that your school already offer
- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- The Primary PE and sport premium should not be used to fund capital spend projects; the school's budget should fund these.

Schools are required to publish details of how they spend this funding as well as on the impact it has on pupils' PE and sport participation and attainment. The premium must be spent in full by proprietors of academies by the end of the 2022 to 2023 academic year.

Schools must publish the following information on their website by the end of the academic year and no later than the **31st July 2023**:

- the amount of premium received
- a full breakdown of how it has been spent (or will be spent)
- what impact the school has seen on pupils' PE and sport participation and attainment
- how the improvements will be sustainable in the future
- the percentage of pupils within their year 6 cohort for academic year 2022 to 2023 that can do each of the following:
 - swim competently, confidently, and proficiently over a distance of at least 25 metres
 - use a range of strokes effectively (for example front crawl, backstroke and breaststroke)
 - perform safe self-rescue in different water-based situations

If selected, schools must also take part in a sampling review to scrutinise their compliance with these terms.

In addition to minimum information required by the DfE, the Trust have included an action plan for the next academic year. This will help schools to plan your spending for next year.
