

Parent Feedback

Gathered from our 'Going Green' curriculum celebration (April 2014)

Great performance. Very informative. Children seemed to enjoy doing it.

It was really good, very current and lots of fun. It was very informative and well presented.

The three children doing the singing and actions were brilliant. All children did really well with the speaking, remembering their words. It was, as always, very entertaining.

I think all the children did really well. We really enjoyed the 'Going Green' song. Well done!

We thought the children were very brave getting up and singing and dancing. We enjoyed the fashion show and the persuading arguments were put very well.
