

Counselling Support

We face many challenges in life and there are times when most of us need a quiet space to share our worries, fears and concerns.

Aiming Higher are pleased to offer free person centered therapy sessions to parents/carers and those over 18 years of age who are already registered and accessing our services.

If you are a parent or carer of a disabled child and would like to access our counselling service, please contact the team to complete a referral form.

If you require further information about our Counselling Service, please contact the team on 01253 206447 or email info@aiminghighercharity.org.uk
