11th October 2019

Dear Parent / Guardian,

World Maths Day 2019

Tuesday 15th October is World Maths Day and we would like to celebrate by dedicating the whole day to Maths!

The children will be taking part in various activities including Maths Challenges, Maths Art and Times Tables Rockstars Competitions.

In preparation for this day we have set the following homework to be completed and brought into school on Tuesday.

EYFS

Please see the separate homework sheet sent out yesterday.

YEAR 1

Ask your child to pick a number and they are to get pictures of themselves with that number over the weekend. For example, if you chose the number 3 please find a sign or bus with the number 3 or even a picture of your child standing by 3 red cars.

YEAR 2 to YEAR 6

The children are to research and make notes on a famous Mathematician. They will use their notes to make a vibrant, exciting poster on Tuesday.

Year 2 – Sir Isaac Newton

Year 3 – Pythagoras

Year 4 – Archimedes

Year 5 – Leonhard Euler

Year 6 – Alan Turing

We hope the children will enjoy this day as much as we will and we look forward to seeing what the children produce.

Thank you for your support.

Mr J. O'Brien
Headteacher
