Dear Parents/Guardians,

We did it! What a wonderful week it has been!

All of our children are back with us and we have had a great time learning and playing with our friends. I am sure that the parents have had a wonderful time at home or in work too, I bet it has been quieter!

### Laptops

If there are any school laptops still at home, please could they be returned to school as soon as possible so that we can set them up ready to be used again.

### Covid Tests

In the event that a member of your household is required to take a Covid test, please inform school and keep your child at home until the result comes back.

### Our Colour Week

Throughout this week, I have been walking around the school, watching in wonder at the creations the children have been producing in our Week of Colour. Each class has its own colour and have been challenged to produce creative work and a class display. I will send photographs next week of the fabulous work I have witnessed.

I have to finish with a little note on the joy I felt on Monday seeing our children return. The smiles on their faces put the rainbow balloons into the shade. Many parents took time to take photos of their children with the balloons – we would love to see some of these photos.

One particular family was so happy to be coming back to school, they filmed themselves dancing as they set off. Mahir, Mariyah and Maryam were amazing! But I have to say their dad has some seriously funky moves! Well done Dad and the whole family!

I hope you all have a lovely weekend and that the children return on Monday refreshed and still smiling.

Thank you for your support,

Mrs Noctor
