28th May 2021

Dear Parents/ Guardians,

As we are finally coming out from lockdowns and life is beginning to get back to normal, we would like to hear about your COVID memories. We are going to create a COVID19 time capsule and Archive albums. We will be asking the children as a class to produce a piece of work, next half term, to share their personal memories. However, we would like to hear from you and your families.

We would like to include you as a family and wonder if you would like to be involved. We would like each family to produce an A4 Memory Poster of your COVID 19 experiences.

You could include any of the following on your poster:

- photographs of special times you spent together during lockdown,
- prayers for loved ones you may have lost or giving thanks that we are coming out of the pandemic
- written memories that you and your family hold close
- children's art work
- poems
- experiences that you may have had with the NHS or other services
- 'Heroes' that are special to you
- National events that you remember

You can be as creative as you like – the more creative the better!

We intend to collate all these memory posters into albums that can be viewed by everyone. It would be very helpful if you could email the finished poster to us, then we can print it out at school.

Alternately, you can produce it by hand and bring it in to school.

We would appreciate any memories to be handed in by the end of the first week back in school (18th June) in order for us to be able to create our capsule and memory albums.

Thank you so much for your support and we look forward to receiving your posters,

Mr. Niland and Mrs. Millard (History Co-coordinators)

Mrs. Noctor (Headteacher)
