Corona Kindness

Blackpool Council is committed to maintaining essential services and protecting the most vulnerable members of our community.

We are setting up a community corona kindness helpline for those who want to help and for those that need help.

The services that we propose to help with initially are:

- Food shopping
- Dog walking
- Medical supplies
- Social isolation and loneliness

If you need to access any of those things or you feel you can help, please email helpneeded@blackpool.gov.uk or helpoffered@blackpool.gov.uk. If you need help call 0808 1963080
