

St Bernadette's Catholic Primary School

'Doing our best for God'

Date: Tuesday, 05 January 2021

Dear Parents,

It may not quite be the start to the New Year we were hoping for but fortunately we are in a better position than last year's lockdown in the fact that we are using Google Classroom for online learning. Class teachers have now made contact with everybody via the class stream on [Google Classroom](#).

Each class is going to have slight differences in their timetables and the work that is set. However, all classes will have work set daily via this platform. We will set work from **9am** and ask that the tasks be completed by **9pm** on the given deadline day. Please be aware any work that is submitted after the deadline will not be marked; however, you are still more than welcome to have a go at the task. Some of the work set may be practical and will not require you to submit a completed piece of work.

Please access the school website for any guidance with using Google Classroom. If you are then still finding difficulties using the platform, please email google.classroom@st-bernadette.blackpool.sch.uk

Yours faithfully

Miss Scarlett

Online Learning Lead

Devonshire Road, Bispham, Blackpool FY2 0AJ
