

Year 5 – Summer Term

Welcome back to the summer term of 2022. Please find below the subjects we will be covering in the final term of Year 5. There is a transition day planned later in the summer to St Mary's and there will be our day trip to look forward to.

Mathematics

In the Spring term, children will cover the following maths topics:

Summer 1

W1 - Place value

W2 - Fractions

W3 - Measures

W4 - Geometry

W5 - Addition/Subtraction

Summer 2

W1 - Place Value

W2 - Problem Solving

W3 - Fractions

W4 - Measures

W5 - Area/Volume

English

In English, children will continue to embed the skills taught from the previous years as well as those they have learnt in Year 5 during the previous terms. For children to be secure they will need to use all their grammar, punctuation and vocabulary skills throughout all their writing across the subjects and understand that the skills are transferable to other subjects.

Spelling is an important component of the curriculum and children must learn the spelling rules that they can apply to any given word where that rule applies as well as words from the statutory end of year list provided by the Department for Education. Spelling is an important part of the Statutory tests.

This term we will be writing: non-chronological reports; classic poetry that includes metaphors, personification and similes; myths linked to Greek mythology

Our class novel this term will be Tom's Midnight Garden.

Religious Education

Children continue to develop a deeper understanding of the Catholic Faith through discussion of the liturgy, Sacraments, Moral life and Prayer. At the beginning of the day, children will take part in Prayer and Liturgy either in assembly or in class

Our themes for this term include:

Transformation - celebration of the Spirit's transforming power.

Freedom and Responsibility - commandments enable Christians to be free and responsible.

Stewardship - the Church is called to the stewardship of Creation
