

English

As part of our work this term, we will be creating information booklets as well as completing in-depth studies of the Firework Maker's Daughter. We will also be exploring issues and dilemmas and persuasive texts. We will develop their understanding of using commas to mark clauses in complex sentences and how to punctuate direct speech fully.

R.E.

Over the course of the term, we will be learning about the Pentecost with a particular focus on the Apostles Peter, John and James. We will deepen our understanding of forgiveness and the Sacrament of Reconciliation. We will learn about the importance of the Torah for the Jewish people. We will study the communion of saints, Oscar Romero, St Teresa of Kolkata and Martin Luther King.

Maths

We follow the White Rose Maths scheme for the summer term. We will develop our understanding of decimals and begin to order, compare and round them. Ordering and estimating money and a recap on adding and subtracting too. Next on our mathematical learning journey will be time which will include converting between different units and between analogue and digital. Within statistics we will look at bar charts before we move onto geometry where we will cover work on angles, properties of shape, symmetry and finally positions on a grid. We will focus on our times tables too, ready for our Multiplication check.

Summer Term 2022

Mrs Kirkpatrick
and Mrs Huggard

Year 4

History, Geography, Art and DT

Our geography topic this half term is the region of Europe and our history focus will be the Vikings. In art, we will be creating 3D models from clay and our DT unit is Food.

P.E.

This term we will continue with swimming lessons at Moor Park and also develop our athletics skills.

Computing

We will be using a new scheme for summer from the National Centre for Computing Education (NCCE) and the Teach Computing unit on coding and programming using Scratch.

P.S.H.E.

Health and wellbeing, difference and diversity, sustainability of the environment and managing money.

RHE

Module 3 - Created to live in a Community. Unit 1 - Religious Understanding - considers the idea of A Community of Love and the question 'What is the Church?' Unit 2 - Living in the Wider World - allows the children to think about the question 'How do I love others?'

Languages

French (with Mrs Paddock)

Science

During our science lessons, we will be exploring and using classification keys. We will also be looking at how environments can change and how this can sometimes pose dangers to living things.

Music

(With Mrs Paddock)
Working through the Charanga units:

- Blackbird
- Lean on me
