Year 1 – Spring Term Overview 2023-2024

English

As part of our work this term, we will be looking at building on the Year 1 objectives focusing on:
Classic stories
Instructions
Traditional Rhymes
Recounts
Traditional Tales
We will be looking at grammatical concepts daily.

RE

We will be looking stories in Luke's Gospel and making connections between Jesus' mission and Christians. We will think about the Easter story.

Maths

The children will look at place value within numbers to 20, building up to 50. We will use this knowledge for addition and subtraction within 20. The children will look at measurement, focusing on length and height as well as weight and volume.

History

We will be looking at castles to answer our question 'Are all castles bouncy?'.

Computing

In our computing lessons, we will be exploring digital writing and digital painting.

Science

We will be learning about different types of animals. Throughout the year we will be looking at the seasons and observe changes. We will also look at common plants and their structures.

Art/DT

In Art we will be looking at observational art and structures.

PSHE

We will be looking at Health and Wellbeing:
-Feelings and Emotions
- Healthy Relationships
- Valuing Difference

Geography

We will be answering the question 'How is the United Kingdom made up?'.

HSE

We will be thinking about how we are created to love others.

Music

During Music we will be learning about different styles of music and continuing to learn about pulse, pitch, rhythm and different instruments.

PE

Games skills (outdoor) and Dance (indoor).
