

The importance of arriving on time to school

Being late to school can have a considerable impact over the whole school year.

The table below shows just how much time can be missed if your child is

5 minutes late everyday = 3 days of school lost over a year

10 minutes late everyday = 6.5 days of school lost over a year

15 minutes late everyday = 10 days of school lost over a year

20 minutes late everyday = 13 days of school lost over a year

30 minutes late everyday = 19 days of school lost over a year

To give your child the best possible start to their school day, please make sure they arrive on time.
