20<sup>th</sup> June 2019

Dear Parents,

On Tuesday 2<sup>nd</sup> July, 'Adrian Bowden's Travelling Science Shows' will be coming into school for a Science based assembly. The interactive show engages children and gives them an opportunity to witness Science first hand. Reception and Key Stage 1 will watch a show named 'Working Scientifically' where they will use their enquiry skills - by predicting, testing, measuring and recording results. Key Stage 2's show is 'Marvellous Materials' which will include fun ways to demonstrate what makes something solid, a liquid or a gas; along with reversible and irreversible changes.

Such a show is exciting and engaging for all children. Please can we ask for a voluntary contribution towards the cost - £2.00 per child, if possible please could this be paid via ParentPay.

Yours sincerely,  
Miss Scarlett (Science Co-ordinator)

Headteacher: Mrs M T Holden BA (Hons)
