

# St Bernadette's Catholic Primary School

## 'Doing our best for God'

---

Date: Wednesday, 18 November 2020

Dear Parents/Carers,

A big thank you to those children and parents who have engaged with Google Classroom over the past couple of weeks. Just a reminder, if there are any issues with logging in you can email [admin@st-bernadette.blackpool.sch.uk](mailto:admin@st-bernadette.blackpool.sch.uk) with the subject 'Google Classroom' and I will reply or give you a call to help. There is support on the school website under 'Google Classroom' with regards to accessing the network on computers, laptops, tablets and smartphones.

It is important all children log on and try using Google Classroom so that if a bubble has to close, the children can access their work whilst at home. In order to help children, parents and teachers feel confident with using the network, teachers will be setting homework on here for the foreseeable. How frequently this is will depend on the classes, due to age and homework expectation.

I am hearing many positive comments about using Google Classroom and hope we will all feel confident using it over the coming weeks.

Kind regards,

Miss Scarlett
