

St Bernadette's Catholic Primary School

'Doing our best for God'

12th October 2021

Dear Parents/Carers,

We have been advised that we have a positive case of COVID-19 within Year 3; this does not affect your child.

As you know from my previous letters, the latest guidance states that:

From 16 August, the Government has said that people aged under 18 years and 6 months or who are fully vaccinated will **no longer be legally required to isolate if they are a close contact of someone with COVID-19.**

As a school, we consider the class to be **'close contact'** as staff and children socialise with each other throughout the day. Local Public Health guidance has strongly advised parents of these children to take their child for a PCR test so we can all help break the train of transmission (but not a legal requirement); this can be arranged after school. Children do not need to self-isolate until they receive their PCR test, unless they have symptoms, in which case, they should not be in school.

I would like to reassure you that our school community is fine and we will continue to follow our procedures, set out within the Risk Assessment.

Please stay safe,

Alexis Satterthwaite
